LETTER FROM THE COMMISSIONER

Welcome to the annual NA3HL Showcase here in Blaine, Minnesota. We are excited that we have combined this year's NA3HL Showcase with another great NAPHL event to make this weekend a spectacular five days of exposure. We are thrilled to be celebrating this grand-scale event with all of our teams, players, parents, fans, scouts, partners, and volunteers, and thank you for your support of the NA3HL and NAPHL.

The NA3HL is currently in the middle of a wonderful period of growth and advancement. No other league of its kind has had more movement and advanced more players onto play in the NAHL than the NA3HL. Thanks to additional and enhanced initiatives that have been recently put in place, we have seen more players from the NA3HL play, practice, and earn NCAA Division I scholarships with the NAHL than any other league.

Some of these initiatives include the new NA3HL Affiliate Program in cooperation with the NAHL, which was introduced at the beginning of this season. It is yet another beneficial internal process to help NA3HL players get the chance to participate at the NAHL level in their quest to play college hockey. These programs are designed to help promote the NA3HL player to the NAHL and beyond. When you add these programs to all the other benefits of the NA3HL, it makes it easy to understand why the NA3HL has evolved into a destination league for players in such a short period of time.

The current 2022-23 season has been an incredible one so far for NA3HL players advancement to the NAHL, with over two dozen players getting the call up so far this season. In addition, not only did 34 NA3HL players sign a tender to play in the NAHL for the upcoming 2022-23 season, but 27 more players were selected in the 2022 NAHL Entry Draft.

The NA3HL events are a big part of the league's successful exposure model, which includes this week's NA3HL Showcase here in Blaine, Minnesota, the NA3HL Top Prospects Tournament in Pittsburgh, Pennsylvania on February 6-7, 2023, and the NA3HL Fraser Cup Championship Tournament, held from March 22-26, 2023, in St. Peters, Missouri.

The NAPHL is bigger and better than ever. This weekend's SHOW League event has all games being played under one roof to make it easier for the junior and college scouts to attend and evaluate. The goal is to create the best opportunity to showcase and advance players, which has increased the movement of players up the ladder of development from the NAPHL to the NA3HL and NAHL. The SHOW League includes an exclusive tendering system and uses NAHL Central Scouting to help promote players for the NAHL and NA3HL Drafts. We all share in the common mission of creating an enhanced level of play and competition that is focused on a player's development and advancement.

This is truly a once-in-a-lifetime opportunity for players to develop, grow and mature so that they may become better hockey players and better people. We continue to ensure that the competition and league-wide events remain at the highest level, while also maintaining a focus on educating our players about NCAA compliance and the importance of education.

Put it all together and it becomes clear that we are providing a first-class environment designed to enhance the experience and opportunities of hockey players as they continue to pursue their goals on the ice and in the classroom.

Thank you for your support of the NA3HL and NAPHL and enjoy the weekend!

OUR HISTORY

Entering its 13th season in 2022-23, the North American 3 Hockey League (NA3HL), is the only USA Hockey-sanctioned Tier III Junior league and serves as one of the top training grounds in the country by providing the best coaching, exposure and developmental vehicles available for student-athletes in its classification.

The primary mission of the NA3HL, which is managed organizationally by the NAHL, is to provide a structured developmental environment for student-athletes whose youth options are limited but are still reaching their potential and have aspirations of playing in the NAHL or United States Hockey League (USHL) and eventually the NCAA or American Collegiate Hockey Association (ACHA).

ON THE RISE

No other league has had more movement and advanced more players onto play in the North American Hockey League (NAHL) than the NA3HL.

Thanks to additional enhanced initiatives that were put in place this season in cooperation with the NAHL, more players from the NA3HL play, practice, and earn NCAA Division I scholarships with the NAHL than any other league.

This past season not only did 34 NA3HL players sign tenders to play in the NAHL for the 2022-23 season, but 27 more players were selected in the 2022 NAHL Draft. The NA3HL also continues to make its mark and is one of the leaders in junior hockey with the advancement of players onto the NCAA.

The NA3HL had over 170+ college commitments in 2022, with almost 70% of those being NCAA commitments. In addition, over 300 former NA3HL players are currently playing in the NCAA, and 13% of NCAA Division III freshmen this season previously played in the NA3HL.

The NA3HL has continued to make its mark in advancement of players to the NAHL as over 45 NA3HL alumni began the 2022-23 season on NAHL rosters.

The NA3HL is also the only league that has an exclusive NAHL tendering system.

SEMINAR: THE PATH TO COLLEGE HOCKEY

In an effort to provide more opportunity to NA3HL players in Blaine during the Showcase, the NA3HL has once again tasked Craig Barnett to present a NCAA Compliance and Education seminar. The 45-minute presentation scheduled for Monday, December 19th will be located in the Grand Hall of the National Sports Center located in the building directly to the right of the NSC Super Rink.

Barnett is the Director of NCAA Compliance and Education for the NAHL, NA3HL, and NAPHL and brings a wealth of knowledge and information that he will share during these seminars along with updates since last year.

The Education and Compliance seminar will cover several topics that are important for a hockey player and family with NCAA aspirations. The focus will be on differences between NCAA Division I, Division III and the ACHA, the breakdown of new NCAA DI conference landscape, NCAA Initial Eligibility information including important new rules and how future players will be affected, the recruiting process and how to market yourself. In addition to the NCAA presentation, Director of Officiating Keith Kaval will discuss Player Safety and rules for this season and Scott Grey will talk about USA Hockey SafeSport.

There will be time at the end of each session for a Q&A. We appreciate your support with these seminars and expect the information to be very valuable to your players. In addition to all teams having to attend, parents and coaches are invited to attend.

Benjamin Anderson, F, Wisconsin Windigo (NA3HL 2020-2022) - Benjamin Anderson, a 6'5 209 lbs. forward from Crystal, Minnesota, is making a big impact for the first year franchise in the NAHL. The 2022-23' campaign marks the third season that Anderson has made an appearance in the NAHL, totalling 45 games played with 12 points recorded in those games. This season has been a breakout one for the forward, on pace for 10 goals and 22 points for a team in the fight for the playoffs. Outside of his experience in the NAHL, Anderson has also spent plenty of time developing and making an impact in the NA3HL. In the 20-21' and 21-22' seasons, Anderson played in 64 regular season games for the Granite City Lumberjacks where he tallied an impressive 36 goals and 62 points.

Kayden Hargraves, G, Fairbanks Ice Dogs (NA3HL 2019-2020) - Kayden Hargraves, a 6'1 175 lbs. netminder from Cheyenne, Wyoming has proven to be one of the best goaltenders in the NAHL so far this season. Playing in his 3rd season with the Fairbanks organization, Hargraves has already been honored with the Midwest Star of the Week award three times. Committed to Augustana University, the 20 year old has posted a strong statline (2.72 GAA, .926 SV%, 1 SO) through 22 games played. In his three seasons with the Ice Dogs he has tallied 5 shutouts and has 53 wins under his belt. Before his time with Fairbanks, Hargraves was the backstop for the Texas Brahmas of the NA3HL. In the 2019-20 season, Kayden appeared in 22 games for the Brahmas where he displayed a 19-3-0, 1.46 GAA, and .937 SV statline.

Caleb Huffman, D, Kenai River Brown Bears (NA3HL 2020-2021) - Kenai River defenseman NA3HL and NAPHL alum Caleb Huffman is making a strong impact on the blue line in his second season with the Brown Bears. The Anchorage Alaska native leads all defensemen on his team with 3 goals and 13 points through 25 games played. Wearing the Brown Bears sweater at least once in the past three seasons, Huffman has tallied 20 points in 82 career games played. Prior to his time in the NAHL, Huffman played the 2020-2021 season as a member of the North Iowa Bulls (now Mason City Toros) in the NA3HL, tallying 19 points in 25 regular season games; he was also named a West Division Star of the week in November of 2020. He was also a key contributor to their run to the Fraser Cup Championship, tallying 4 points in 10 games. Prior to playing junior hockey, Huffman spent three seasons in the NAPHL, playing for the Meijer AAA (now Biggby Coffee AAA) and Alaska Oilers organizations. Huffman has recently announced his commitment to play NCAA Division 1 hockey for his hometown University of Alaska Anchorage Seawolves.

Jeremiah Konkell, F, St. Cloud Norsemen (NA3HL 2020-2022) - Willmar WarHawks and NA3HL alum Jeremiah Konkell is off to a strong start in his first season in the NAHL. The Bloomington, Minnesota native spent the previous two seasons playing for the WarHawks where he scored 30 goals and 69 points in 78 career regular season games. He also was

apart of their 2021 Fraser Cup playoff run where he appeared in 7 playoff games. This season, the 5'8 165 lbs. forward is skating the St. Cloud Norsemen, playing 21 games so far and recording seven points. Konkell made his NAHL debut on September 14th in Blaine, Minnesota against the New Mexico Ice Wolves.

Layten Liffriq, F, Anchorage Wolverines (NA3HL 2021-2022) - Anchorage forward, NA3HL alum, and former Fraser Cup Champion Layten Liffriq is a perfect example of the ladder of development. A Mankato, Minnesota native, Liffriq is playing his first full season in the North American Hockey League with the Anchorage Wolverines. Through 24 games played, Liffriq has deposited three goals and dished 11 assists, good for fifth on the Wolverines roster. Prior to this season, the 6'1 185 lbs. forward had also made NAHL appearances for the Minnesota Magicians and Austin Bruins in the 20-21' and 21-22' seasons. Liffriq spent a majority of this past season with the Rochester Grizzlies in the NA3HL, where he recorded 14 goals and 37 points in just 24 games played. He also was a key contributor to the Grizzlies' run to the Fraser Cup Championship, tallying 7 points in 8 playoff appearances.

Mason Mara, F, Lone Star Brahmas (NA3HL 2020-2022) - Mason Mara, native to Ocoee, Florida, sits first in points on the Lone Star roster with 13 points (7 goals, 6 assists) just a third of the way through the regular season. His contributions have been key to Lone Star's success in the South Division as they sit in 2nd place behind the Oklahoma Warriors. The 5'11 180 lbs. forward is playing his second season with Lone Star and first full season as he began the 2021-2022 campaign with their NA3HL affiliate, the Texas Brahmas. In the NAHL, Mara has tallied 16 points in 50 career games. Throughout his career with the Brahmas in the NA3HL, Mara has made appearances in 47 regular season games and posted 15 goals and 49 points. He also played in seven games in the 2021 Fraser Cup playoffs for Texas, scoring twice and tallying 5 points.

NA3HL Remains an Important Pathway to Higher Levels

In its 13th season, the North American 3 Hockey League (NA3HL) has grown into the largest single feeder league in supplying North American Hockey League talent.

NAHL commissioner Mark Frankenfeld would like to see that connection, as well as the one each league has with the North American Prospects Hockey League (NAPHL), continue to grow.

Frankenfeld is able to measure the growth of the NA3HL not only in the number of players moving on from the league, but in those coming in.

“At NA3HL, we’ve seen incredible interest in the league,” Frankenfeld said in a telephone interview. “We’ve seen not only the rosters get fuller earlier, but they’re getting better players and seeing more of those players end up in the NAHL and eventually in college.”

Frankenfeld said that between the NAPHL and NA3HL, “we’re seeing more and more players come through the ladder.”

More resources are being devoted to the NA3HL level and there is an effort to build stronger relationships so that more players from the only active USA Hockey Tier III Junior League get the experience of practicing with, and ultimately playing with, NAHL teams.

“I know there’s a lot of players from the NAPHL that are playing in both leagues,” he said. “As we continue to promote the brand and continue to have internal processes like central scouting and an internal tendering system and other things that we do to promote players within the products, you see more and more of that movement.”

“Everything we’re doing underneath internally between these leagues is paying off.”

The 34-team league has teams spread across five divisions and 16 states. Some teams started the regular season schedule as early as Sept. 4, but across the different divisions and teams, the league has a bit of a staggered start before arriving together at the March 5th end of the regular season.

Frankenfeld said most teams arrive in their cities around the same time, at the end of August, so that high school-aged players can get their schooling started, but the start of games depends on the particulars of the markets and the buildings in which the franchises play.

Kayden Hargraves is just one of the many players that climbed the ladder of development from the NA3HL to the NAHL and ultimately committed to Augustana University.

The fast start for the East Division-leading Generals is a carryover from last season when the Generals had the league’s best record at 45-2-0-0. It was the Rochester Grizzlies, however, who emerged from the postseason as the Fraser Cup champions.

While trying to work on their personal advancement, NA3HL players will again battle for top honors within the league.

“The NA3HL has experienced record-breaking advancement as more and more players are getting called up, playing, affiliated, and practicing on a regular season with NAHL teams,” Frankenfeld said, according to a posting on the league’s website announcing the schedule and other plans for this season. “We’ve seen so much interaction with the two leagues that it has built momentum to lead into what took place during the NAHL Draft.”

“We are also continuing to ensure that the competition and league-wide events remain at the highest level, while also maintaining a focus on educating our players about NCAA compliance and the importance of education.”

The NA3HL had more than 60 alumni play in the NAHL last season, had 34 players sign NAHL tenders for the 2022-23 season, securing an opening day roster spot, and 27 players selected in the 2022 NAHL Entry Draft.

“The players are getting more opportunity to move on and that attracts better players,” Frankenfeld said.

In all, more than 300 former NA3HL players are expected to play on NCAA teams in the upcoming season.

NAHL announces NA3HL Affiliate Program

Beginning with the current 2022-23 season, NAHL teams may name up to three NA3HL Affiliates and use them throughout the season without having to manage through a lot of roster disruptions. An NA3HL Affiliate is a player of extreme interest to an NAHL team and allows the NA3HL player the opportunity for more flexibility when he gets a call to compete in the NAHL. The program is in addition to the already in place and successful NA3HL Play and Practice Program, which promotes the opportunity for players in the NA3HL to get the chance to practice with NAHL teams.

“This is yet another beneficial internal process to help NA3HL players get the chance to participate at the NAHL level in their quest to play college hockey,” said NAHL Commissioner and President Mark Frankenfeld. “These programs are designed to help promote the NA3HL player to the NAHL and beyond. When you add these programs to all the other benefits of the NA3HL, it makes it easy to understand why the NA3HL has evolved into a destination league for players in such a short period of time.”

As a part of the agreement, NAHL Clubs will be allowed name up to three 2003 or 2004 birth year NA3HL Affiliates during the season. These players must come from three unique NA3HL clubs and do not have to be added to the NAHL teams official Protected List. To be eligible, the player must appear on the official playing roster of an NA3HL team and must have played at least one game with that team prior to playing an NAHL game. NA3HL Affiliates shall be limited to a maximum of ten junior games per season and affiliates are not eligible for NAHL playoffs and must be returned to their NA3HL teams before NA3HL Playoffs. The affiliate players must be identified on or before December 15, 2022.

The NA3HL is the only USA Hockey Tier III Certified league and is operated by the experienced NAHL staff. The NA3HL takes pride in its internal player advancement system, internal NAHL tendering system, NAHL Central Scouting designed to promote players for the NAHL Draft, and its strategic event structure which are all built for player exposure and advancement. When you add it all up the NA3HL is truly a Step Above the Rest!

Where the SHOW Stands in December

As we enter the December Showcase, the NAPHL SHOW league is starting to pickup the pace. For the majority of teams competing this weekend, it will be their second event of the season. Others have played in two events and will not be here this weekend in Blaine.

In the 18U Division, the Lincoln Stars and St. Viator are the only unbeaten teams remaining. Both the Stars and St. Viator are 4-0 after impressive weekends in the Dallas-Fort Worth area. St. Viator outscored their opponents 27-4 back in November. The Chicago Hawks and Chicago Jets are among the few teams that played in Philadelphia two weeks ago. They are both now 7-1 after eight games while the Hawks ride a five winning streak. The Northwest Chargers are 6-0-1 on the year while the Portland Jr. Winterhawks also are yet to lose in regulation, sitting with a record of 3-0-1.

Kyle Arias leads all scorers at the 18U level with 17 points in just eight games. His seven goals are also tied for first in the league. Angelo Massaro is averaging two points per game for St. Viator. He has five goals and eight points through four contests. Max Oppenheim and Rohin Young also have eight points each through four games for the Golden State Elite.

In between the pipes, no one has been better than Dominic Grimaldi. He has played in two games and has pitched two shutouts for St. Viator. Alexander Conley has been very good for the Northwest Chargers as well, he is 2-0-1 with 0.97 GAA and a .959 save percentage, both of his wins have come via shutout.

In the 16U Division, the Chicago Jets, Orland Park Vikings, Weber Mustangs and Texas Warriors are all perfect. The Jets are 8-0, the Vikings are 7-0 while the Mustangs and Warriors are both 4-0. Orland Park has been incredibly impressive, outscoring their opponents 37-4 through the seven games. The Mustangs have been just as good defensively, allowing just two goals in their four games thus far.

Joe Lawrence of the Rose City Pats and Beau Murray of Pilot Mound are the only players at 16U averaging over two points per game so far this season. Lawrence has six goals and seven points in three games while Murray has potted five goals and seven points in his first three contests.

Adam Lukwinski has the most total points with 10 in eight games for the Chicago Hawks. Jake Bamback has eight points in four games for the Texas Tigers.

The Orland Park Vikings rank near the top of the standings at both the 18U and 16U levels.

There have been a handful of impressive goaltender performances at 16U, Logan Bruns leads the league in goals against average and save percentage with 0.32 and a .974. He has also has 2 shutouts as he is 3-0 on the year. Quinn Burfoot has allowed just one goal in his two appearances. Max Cook is 4-0 for Orland Park, he has allowed just three goals giving him a 0.75 GAA and a .957 save percentage. Benjamin Bracas is 4-0 and has two shutouts for the Chicago Jets.

At the 14U level, the New Mexico Ice Wolves, Dallas Penguins and Vegas Jr. Golden Knights are all 3-1 after four games of action. The Ice Wolves did it with offense, scoring 35 goals in four games. The Jr. Golden Knights are doing it playing incredible defense, giving up just four goals in their four games.

Jackson Thomas leads the age group with nine goals and 12 points. Jack Dunne of the New Jersey Titans also has nine goals and 12 points but he had one extra game. Michael Ditwell of the Titans leads the league with seven assists, he's third overall with nine points. Johnathan Foster has six goals for New Mexico and Angus Smith of the Ice Wolves leads all defensemen with four goals and eight points.

The top goaltender thus far is Vincent Vitale of Vegas. He is 3-1 on the season, sporting a 0.99 goals against average and a .937 save percentage, he also has notched two shutouts in his four starts. Declan Bayne of the Ice Wolves has also been very good. In his two starts he's allowed just two goals and has a save percentage of .938.

The action continues this weekend here in Blaine as teams put themselves in position for the playoffs in January.
